Company Profile 2021

argusoft
Quality on Time

Why we do, what we do

the driving principles

Philosophy

We strongly believe that technology is meant for the multi-dimensional upliftment of humanity
Vision

We envisage a society that is physically, intellectually, emotionally and ethically developed.

Strategy

We have taken it upon ourselves to work towards designing software solutions that ultimately enhance the 'Quality of Life' at the community level.

Tactics

We have taken up direct intervention in the form of a Business Modeller Platform and a Comprehensive, Low-code, Public Health Management Platform, offered as a service.
